**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I've chosen to use Sonic as my internet provider because they were first in our area to provide very quick access. Years ago, when I was using dial-up for the first time, I also chose Sonic, as they had a reputation for being fair and reasonable. Then, when Comcast offered faster copperline service, I switched to them. It was faster, but the company experience was not as good. So I was glad to be able to switch back.

I strongly urge you not to do anything which will in any way reduce or limit competition among internet service providers.

I use broadband both for personal and for business purposes.

Though I don't currently use it, I like that Sonic provides a landline bundled with the internet service, and plan to use it as soon as I have the time to buy a landline phone.

Thank you

JAMES SWEENEY
