**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I rely on these services, and I oppose this petition. A competitive market ensures that consumers (like me) will have access to better price's. Broadband is critical to my home. Big companies want to seek deregulation, so they can levy massive price hikes. Many of us older American's are on fixed income and cannot afford these higher rates. I support broadband competition and the FCC should also!

Sincerely,

Paul morrow
