**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I rely on a local independent ISP which uses the phone lines owned by AT&T. This is Sonic.net (<https://sonic.net>). They give me faster service, excellent customer support, no traffic caps and respect for the privacy of the customers. I get a phone service included in the price.

Over the same phone line, ATT DSL was slower and customer service was not good (and I had to wait on hold for a long time). They collect and sell your browsing history.

I had a choice and 10 years ago I switched to Sonic.net, please don't take this option from us who love to use Sonic.net!
