**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Don't dismantle existing laws to protect the public from monopolies. It is not good for our country and diminish FCC as an telecom authority. Do your part to give the little guy[American] a chance to have affordable, reliable & fast, telecommunications services, which bug telecoms do not ever wanted to provide to the public. They only wanted to quash the competition by dismantling the laws thru its political lobbyist influences in Congress. More money for them and fewer options for you and me.
