**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please do NOT let Big Telephone companies like AT&T run a monopoly on broadband internet. Not only do they overcharge for slow speeds, they have terrible customer service. We, the consumers, NEED competitive telecom carriers/providers like Sonic so they can provide quality services for more affordable prices. My life is so much better after switching over to Sonic fiber from AT&T DSL almost a year ago. My AT&T internet would always cut out and could not even work from home. I haven't had to reset my modem since getting Sonic, and I'm only paying \$20 more for more than 20x the speed. We need to allow competitive carriers to have continued access to UNEs so that residential subscribers like myself can have access to better internet at better prices.
