**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I get my residential internet and telephone service from a local provider called Sonic. I have been with Sonic for 7 or 8 years and have been delighted with them - with the quality of the service but most of all with the PRICE STABILITY - they have raised the monthly rate only once, by \$10 - and by the lack of all the nonsense comes-on, plans, and contracts that are inescapable with the telecom giants like AT&T or Comcast. I have been so relieved to have the option of a relatively small, local provider that is not out to gouge people. Please, please, please do not jeopardize smaller providers ability to provide competitive service to residential consumers by disrupting their access to unbundled network elements. Thank you.
