**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Each of these points are valid.

An advantage of competition among providers is that we, the users, have a better idea about the choice being made, we have a competitive advantage and are better informed.

Especially for smaller and more rural communities, options are important.

We all need to be better informed and not subject to monopoly no-choice
