**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have a local service provider for phone and DSL that uses unbundled copper and fiber optic lines. I would be materially and negatively affected by a change in current regulations. I have a poor choice of options in my area. My current provider has excellent customer service, price and a product that is not matched by the large corporate enterprises.

Thank you!
