**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a subscriber to Sonic in San Francisco. They provide a superior service when compared to Comcast, the only other option I have for broadband internet service. Without access to unbundled copper or UNEs, Sonic will be unable to provide me service and I will be forced to go back to Comcast.

Comcast's service was slow and congested during peak usage times. Even after multiple complaints, the problem was not fixed. And why should it be? They operate a near monopoly in San Francisco and have no incentive to improve service.

Please do not make it even harder for local ISPs to compete with the gigantic corporations.

Harold Metzger
