**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a Sonic internet customer using fiber, but in the past I was using internet service from Comcast & ATT. I was very disappointed with ATT's and Comcast internet services and their strategy to increase the pricing every year.

I want to see more competitive businesses in the area of providing internet service, including broadband and DSL, because less competitors will eventually negatively affect the pricing of fiber based internet customers too.

Also, I support broadband competition because it will guarantee the competitive pricing for internet service in rural areas, in which giant internet providers don't do too much to provide affordable internet service.

**PLEASE KEEP THE COMPETITION IN THE AREA OF PROVIDING INTERNET SERVICES
FOR BETTER SERVICE AND AFFORDABLE PRICING FOR INTERNET CUSTOMERS.**
