**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have a small business owner in California and I am very concerned about the petition to kill competition in the broadband market. AT&T has been charging extremely high prices for very poor service, my business depends on competitive services to best serve our customers. Reducing competition would cause me to raise prices to the point that my business model would be in jeopardy.

Thank you,
