**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I say no and no again to AT&T and Verizon's plan to "privatize telecommunication this our country.

Should you allow this to happen, you will be complicit in pushing this country to an oligarchy. If you allow AT&T and Verizon to steal from US citizens, you will be witness to the greatest boycott in the history of this country that will crumble - not cripple mega companies and bankrupt their share holders.

The American public - the 99%, have been tolerant with the antics of government.

Why should I have to pay for the poor planning and mismanagement of the 1%, and have the privilege of poor/NO service and higher rates.

I am a senior - I receive no entitlements.

Our government leaders keep promising more job growth and creation. Competitive provides means more jobs with better pay that is relevant to today's job market.

You allow At&T and Verizon to do this and you will cut 100's of thousands of jobs, and lose tax dollars that pay your salary.
