**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am planning on choosing a competitive provider and do not want price hikes that will increase the cost of internet and telephone services. I have done a fair amount of research and the smaller, competitive providers suit my needs perfectly, even better than the more expensive, slower, bigger providers. This broadband is critical to my home (security system), business and my children's school learning. The smaller company recently installed fiber in my area which is exactly what we were looking for because we were previously connected with DSL. Also, my parents live in a rural community and local broadband providers are so critical to their safety.

Thank you,

Jennifer Lyons
