**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in Palo Alto, California. I have chosen to get my residential internet service using DSL from Sonic.net. The price is very competitive and their service is very good. The compete directly with the major telephone and internet services in my area and this competition has made it possible for me to get good service at a reasonable price.

I support local competitive internet providers and urge you not to give more power and market share to the major corporations.
