**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a consumer that supports broadband competition and I oppose USTelecom's petition to dismantle key components of the 1996 Telecommunications Act.

I chose Sonic.net because they provided choice and competitive offerings to the large incumbent carriers.

Even in a large community like Berkeley, CA, only a very few offerings are available, broad competition is important and necessary.

I am using Sonic's fiber service now because they were the first (and maybe still the only) company offering fiber in my community but depended on Sonic's DSL service for many years before that. My fiber service from Sonic includes my landline telephone service as well.

Sincerely,

Peter Mui
