**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a customer whos using sonics high speed internet service for both my home and business. I have to say initially I was shocked by the companys pricing and speed capability, because the carrier I was using were charging double the price and twice as slow!! Ive heard of sonic coming to my neighborhood so I immediately made the switch. As a small business owner I soon realize our old carrier( Comcast xfinity) was just over charging us in every way, because theyve dominated the underground cable system. The same goes for att and Verizon, who will always claim to have the best service, but will never reveal how much therere over charging you.

Please help save companies like sonic, because they truly are genuine and honest small businesses that are helping the community!! Thank you for your time.
