**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a user of Sonic for Internet and phone. I switched a few months ago from ATT because of the price I was paying monthly.

If there isn't enough competition in the market a good number of us would have to go without any service because of the price of the big companies that provide internet service. I'm afraid if there is a deregulation the cost of internet is going to go up. For what I do on the internet daily DSL works great.

I really hope FCC takes into account the ordinary person out there who can't afford to pay a large amount of money for service. We need the small companies to help keep the ATT and Xfinity prices in check.

Thank you for reading my letter.
