**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a small business owner I am very concerned that my local internet provider may lose access to the internet that they now provide me. I am provided fiber internet by Sonic and am extremely pleased with access to fiber and the price that they offer. I have used ATT and Comcast and was very disappointed with their expensive service that is absolutely not customer oriented. I have FINALLY discovered a very fast and affordable company that provides excellent service. Please do not end their ability to continue to provide this.
