**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I feel lucky to have Sonic as my broadband provider since my previous service with AT&T was much more than expensive and much slower. It is critical that broadband competition be allowed so that individuals like me have options and are not stuck with just one company like AT&T with its decreasing quality of service and increasing prices. It is essential that consumers have multiple broadband options to be able to find the service and cost that suits their needs and available resources.

Please allow for broadband competition . I am grateful to now use fiber network through Sonic.

Thank you for your time.
