**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I believe its important to have multiple Internet providers to achieve proper competition on the market. We need to have a choice of providers and not to be stuck with one or two monopolies. Reliable and competitively priced broadband Internet service is extremely important to our household. All vital services and security are relying on it. We currently have fiber optics services provided by Sonic. This is much faster, cheaper and more reliable than previous DSL service provided by either AT&T or Comcast. Please keep competition alive!

Sincerely,
