**Re: In the Matter of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We consumers have a right to choose the best options as we are the ones paying for the service. We should not be forced to pay for service we do not want. Consumers should be paying prices for service deserved. I was a long user of pacific bell and now AT&T. There was very little to show for years of loyalty. I paid for the fastest internet meaning paying higher prices, but the speeds I was receiving was nothing compared to the better prices and speed I can receive from sonic. Also every AT&T tech that I ever had always badmouthed the previous tech who installed my internet. saying why would they give you an old version modem, why would they connect your internet like this. As a consumer I'm paying for high quality service. I'm not paying so someone can make a mistake and I end up suffering.
