**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are consumers who support broadband competition. We much prefer using our local company because we receive much better customer service, short or no wait times when calling as opposed to the extremely long wait times getting to big companies who dont have the same level of care and often drop the call.

As senior citizens, we worry that lack of competition will increase the cost of internet and telephone services beyond what we can pay.

Please keep broadband competition!! These providers are our friends and neighbors and support our community.

Thank you,

Linda Roa
