**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a residential subscriber of internet service and chose Sonic since it provides me the best service in the area that I live compared to big internet players who are throttling speeds, choking competition and make more money by providing less service in San Francisco. This is exactly the reason we need competition that is providing alternative choices in the city. Broadband service is crucial for our survival in today's day and age and particularly important for member of my family who uses it for health related services.

Regards,

Bharat Welingkar
