**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Our country must have broadband competition! And no more price hikes! Further, local broadband providers are truly critical.

We've had one company that dominates the market, Comcast, and they provide expensive but terrible service. I am eager to work with Sonic now, because they are local, and support net neutrality.

We expect a similar commitment to quality from federal regulators!
