**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

A competitive market ensures that consumers like me will have access to better prices. Incumbent carriers want to change that, and limit my access to the best possible service at the best possible price. Copper wire access for competing telecom carries is essential. Please dont let USTelecom become the only provider.

Even with competition, prices for phone and internet access are very high. If there is no competition a lot of us wont be able to afford this essential service.
