**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a residential consumer and support broadband competition. I am currently a Sonic subscriber who provides fiber and broadband connection in my area for an affordable price. The price is very competitive with both Comcast and AT&T who provide lesser quality at a somewhat greater price. I was previously an AT&T fiber subscriber with a significantly slower service at a significantly greater price. I even save money with the VOIP phone service provided by Sonic that is certainly equal in quality to that provided previously by AT&T.

VIVA broadband competition!
