**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a residential subscriber. I chose Sonic Fiber because it gives me 1 GB speeds (upload and download) for about the same cost as my cable company was charging me for a cable connection at a fraction of the speed (5 GB upload, 25 GB download). The phone company offered a DSL option that was just as bad. Increased competition from Sonic has made them improve their offerings somewhat. For people in our neighborhood Sonic has been a boon, as many of my neighbors have switched to Sonic for essential internet services.
