**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is a needed element in the business world.

Competition allows choice just like voting and I vote to allow competition in the internet/broadband world.

My Sonic broadband connection is far greater than my prior DSL provider's level of service.

AT&T lobbyist do not do run the country - voters do.

Do not let the voting public/citizens have an effect on your world - allow broadband competition.

Vote yes for more broadband competition.
