**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic fiber because Comcast service was terrible in my neighborhood by the shore. Also, 2X as expensive for crummy service. I also have a landline from Sonic, which is great.

Sonic workers came through even during the big Napa fires, since they are our neighbors, and didn't want us to go without service. And the company supports internet neutrality, which we consider critical.

The service our household of 10 receives has massively improved over Comcast, which was our only choice for many years. And Sonic is much more available.

Please allow these small, local services to continue. They are great.
