**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I was a past user of Comcast and AT&T. Given they were a monopoly in my neighbor, I had limited choice and forced to pay high monthly internet fee. Fortunately for me, I have a good paying job. However, I can not see how anyone with a non-tech job can afford what Comcast and AT&T. Sonic has provided a solution to this problem, which intro a more competitive rate. I felt it has push Comcast and AT&T to improve their technology and service. Please we need "UNE services", because it benefits competition like Sonic. Internet needs to be more affordable. It is getting there thanks to companies like Sonic.

Thanks
