**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a residential customer of Sonic's fiber service. Sonic is such a great provider providing competitive prices, great support and a commitment to my online privacy that I can't imagine being forced to use one of the big providers who would raise my prices, slow my speeds and invade my privacy in so many ways in order to make more money off of me selling my information to so many third parties.

The large incumbents lobbying in sneaky ways to derail small competitors is such a dirty business and hurts not only me, but everyone else in the long run when there is no more competition to the big companies.
