**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition, specifically the ability of my small local provider to install new fiber optic lines and to make all necessary connections to existing systems.

I chose to go with a smaller provider for my home because of deteriorating service from the major provider. I have been very happy with my smaller provider in all aspects, including speed, reliability, and responsiveness.
