**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I had been a longtime subscriber to AT&T but found their offered speeds and constantly failing service to be unacceptable. Also, I was extremely frustrated that for so long there hadn't been any competition. When I found out that Sonic was installing fiber optic, very high speed service I jumped at the chance to change to good throughput. And I must say, Sonic has exceeded my expectations. To top it off, the price is the same as what I had been paying AT&T.

Good competition is what is always needed when a large company monopolizes a basic utility!
Sonic provides and performs!
