**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please let the rules and laws stay the way they are. I enjoy using a competitive provider for many reasons like local support, better services tuned to me and all at a lower cost. My incumbent just does not want to innovate. I have fast ADSL2+ with dial tone phone service that has less service issues than Ma Bell at almost half the cost. I hope to soon have fiber from my current provider at speeds/services my incumbent can't touch. As a consumer and small business owner that relies on a competitive provider for outstanding products please do not change a thing.
