**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition because the quality of services always declines when there are only a few major players. Having a variety of viable broadband providers is critical for innovation. Everyone benefits when numerous providers can compete to provide the best level of service to consumers and businesses.

Thanks,
