**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been a user of a local internet service, Sonic, for over 10 years and the service I get is so much better than what I received from the big companies like AT&T and Verison both in cost and quality and support. Please vote to keep broadband services competitive. My experiences with the big companies were horrible and without competition they will only get worse. Internet service is a necessity.

Thank you
