**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I subscribe to DSL from a local company, (Sonic) which uses copper wire to deliver the service. I want to stay with this type of service. The big companies, AT&T, Verizon would like to snuf out this competition and charge higher rates for Broadband service and monopolize It. They are charging way too much already. They may sign people up at a low price, but after the promotion, one is stuck with a big increase in price. I used to be a an AT&T subscriber. That is why I switch to Sonic. Please do not cater to their request. It will be costly to people like me. We need competitive broadband carriers.

Thank you.

Clarence Lee
