**Re: In the Matter of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need competition in the market place to make better products. I want the best possible price for the best possible product and when competition is lessened, that cannot happen. I work from home and need a solid internet connection. I switched to fiber and have had much better service since then and am grateful for that improvement. I understand that's what the government also prefers - and I believe it, it's so much better! My phone is also connected through the fiber cable.

Please keep the competition alive!
