**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a residential consumer/subscriber who strongly supports broadband competition.

I specifically chose my local provider for their policies and philosophy which differ from the large national leading providers.

I was previously connected with competitive DSL through this same local provider.

I know that continued access to UNE services is a key part of their business model for deployment: to provide innovative services for customers with fast, DSL technology, while deploying fiber for more and more members.

Please do NOT squelch broadband competition! It would be un-American!
