**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Competition is what makes our system works. There are no excuses for doing everything you can to help competition thrive. If you do not do that you are not representing your constituency. If you don't do that you need to go soak your head. Competition is what makes me able to actually afford decent internet. Without it I would be paying double of what I am now and be forced to purchase items I do not need. That is how lack of competition affects me directly. It is not rocket science so don't act like you don't know what I mean. Things that are this obvious should not be an issue in our Country. Competition is the fuel of our democracy. Don't empty the tank.
