**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

As a customer of Sonic Internet Service Provider (ISP) in Los Angeles, CA I receive a better product at a better price than I could from one of the major ISPs in addition to enjoying superior customer service.

I work part time from home, so having a consistent, strong internet connection is vital to my job and career.

Even if I weren't personally affected by these proposals I would still be against them because competition and a free market are a vital part of our nation's continuing economic competitiveness in the world.
