**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition. As a small business owner and a consumer, in the middle of San Francisco, I STILL have poor access to broadband. Fiber has not reached my neighborhood. I have no line-of-sight to local transmitters.

I choose to use a small provider who provides excellent service and privacy for my communications. A change in cost for access to copper would absolutely affect me and my business.
