**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I depend on service providers like Sonic for voice, internet and emergency calling ability, in addition to international calls. Previously I have had quite bad experience with ATT service reliability, and Sonic provides customer service and reliability that is truly A+ as compared to a D grade for ATT. My communication needs are met best by Sonic. Please let the broadband competition not just exist but thrive. I do not want to go back from an A+ vendor to a D grade (in terms of reliability) vendor.
