**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I support broadband competition because thanks to service providers such as Sonic I can afford broadband service. I oppose this petition because it limits competition and will eventually make broadband service more expensive and less reliable. As a consumer I believe any petition that aims at limiting competition is a bad idea and works against my rights for a fair price and quality service.
