**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I have been a customer of Sonic network for 2 years. I am a resident of San Francisco and a former cable customer. I love working with a small, caring, responsive company that picks up the phone when I call, cares what I am calling about and fixes the problem immediately.

Having been a cable customer, I know what bad service is and I know what I don't want and won't tolerate anymore!

I need the broadband service to stream the internet for my television. I am so delighted to work with Sonic and see what I want to see and pay for only what I want to watch. It's just a shame that it took all these years to get to the point where we have choices!

I will be extremely upset if you do anything to change this! Lets not go back 20 years and leave all these customers with no choices. People are no longer willing to tolerate bad treatment at the hands of large corporations!
