**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am consumer that supports and takes advantage of broadband competition. I currently use Sonic because I get excellent broadband service and the option of having a wired landline at a reasonable price. At the present time I also have the choice of another local broadband service, LMI. The competition between these two services, as well as the larger providers, such as ATT and Verison (my past provider) keeps rates from rising astronomically and ensures service of a high quality.

Please act to preserve the benefits of competition among providers of all sizes to all subscribers.

Thank you.

David Isler
