**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I use SonicNet, an independent DSL provider. I choose to do so because they offer a better service than the competition. I do not trust Comcast or ATT with my internet traffic. Comcast and ATT have repeatedly shown contempt for their customers through the abusive policies that they employ. I'm sure you are aware of the dirty tactics that Comcast uses to keep customers from canceling their service. Or how they have cut off service to first responders at their times of greatest need.

If access to the copper infrastructure is denied to SonicNet, then I will no longer have a choice in internet provider.

Brian Williams
