**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am against the dismantling of the 1996 Telecommunications Act. I choose to support small business and broadband competition, after years of being an unhappy consumer of a large company previously monopolizing the market with poor service and assistance. I have a right to choose local. Not only are prices cheaper and service better, my fiber connection allows me to stay in close contact with family and friends around the world using the latest technology. Fast and reliable internet and phone connection is essential for this. Please help keep America great and allow for open market competition and local small businesses to thrive.
