**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose Sonic because I was fed up with the horrible customer service and limited choice provided by Comcast and AT&T. I love the product Sonic provides - it gives my family exactly what we need to stay connected to our jobs and digital lives: everything from smart thermostats to a security system and telecommuting support are enabled by the service we get from Sonic. We should be enabling more customer-centric companies like them to come up and thrive - not limiting competition unnecessarily. Local providers are crucial whether we are in a densely packed urban environment like San Francisco, or more suburban or rural ones. Please consider this in any decision you are making regarding competition rules and regulations.

Thank you.
