**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a Sonic user. My company has me working from home and I must have an affordable broadband connection to do my work, earn income for my family and pay the numerous taxes I am saddled with. With that, I cannot continue to see price hikes because some carriers want to limit competition and monopolize the marketplace, nor should you be supporting that kind of behavior to the detriment of consumers across this nation.

I urge you to support broadband competition and take the side of consumers and not agenda driven mega corporations only interested in eliminating competition so that they can drive their share price up at the expense of your taxpayers.
